

NEW BOAT LAUNCH KEY – MAY 2024

April 27, 2024

Hello Many Waters Neighbors

At the last annual meeting a vote was approved to replace the existing boat launch gate lock and keys. We have the new lock and keys. The existing lock will be removed from the gate on May 4th and the new lock will be placed on the gate beginning on Saturday **May 18, 2014**.

One key is allocated per lot and to receive a new key your dues must be current. If you lose your new key and need a replacement the new cost is \$25/key. We would like to have the old keys returned.
